Objectives:

Seeking a position with the City of Dallas as a Senior Geospatial Information Systems (GIS) Support Technician to continue my knowledge and experience with the growing geospatial mapping field and support the city with accurate information.

Education:

The University of Texas at Dallas, Richardson, TX

Master of Science in Social Data Analytics & Research

Expected: May 2026

Certification in Crime Mapping: *In Progress*

Bachelor of Art in Criminology

December 2024

Cum Laude Latin Honors

Major GPA: 3.89

Academic Major Honors

GIS and Relevant Courses:

- GISC 2305 – Spatial Thinking & Data Analytics Fall 2022
- GISC 6363 – Internet Mapping & Information Processing Fall 2023
- EPPS 6356 – Data Visualization Fall 2024
- GISC 6381 – Geographic Information Systems Fundamentals *In Progress*

Relevant Projects:

- **Undergraduate Honors Thesis** – used census tract data from a county in the DFW, R regression models, and ArcGIS mapping functions to visualize and examine the spatial concentration of those on pre-trial supervision
 - Thesis paper available on request
- **Experience Builder Dashboard** – an interactable interface of maps and widgets to compare household income and voter turnout rates by county using only ArcGIS tools.
 - <https://experience.arcgis.com/experience/d213255ad8f842f9846ed30be80bd208/>
- **Website Map using ArcGIS API** – a group of interactable and interchangeable feature layers comparing numerous measures of county-wide health and voter turnout as part of a group project. (I solely created the map below)
